

ASSISTANT OR ASSOCIATE PROFESSOR IN VETERINARY BACTERIOLOGY

Faculté de médecine vétérinaire Département de pathologie et microbiologie

The *Faculté de médecine vétérinaire* of the *Université de Montréal* is currently seeking candidates to fulfill an assistant or associate professor position in veterinary Bacteriology in the *Département de pathologie et microbiologie*.

The *Université de Montréal* is one of the top research universities in Canada. Applied and fundamental research in infectious diseases is a particular strength of our institution. The *Département de pathologie et microbiologie* currently has 27 professors and 13 extramural members in the areas of microbiology, epidemiology, immunology, pathology, parasitology, and veterinary diagnostics. Many professors are members of multidisciplinary research groups (<http://fmv.umontreal.ca/recherche/unites-de-recherche/>). Training programs are offered at the undergraduate, graduate and post-graduate levels.

DUTIES:

- Teaching to students enrolled in the DVM program;
- Teaching and training of graduate students;
- Develop an autonomous research program in an area linked to the assignment; collaboration with ongoing research is also encouraged;
- Participate in outreach activities in bacteriology (publications, conferences, etc.);
- Participate to the diagnostic services;
- Contribute to the University activities.

QUALIFICATIONS:

- Ph.D. degree in veterinary bacteriology (or in the process of obtaining the degree);
- Doctorate in Veterinary Medicine (DVM) or equivalent;
- Expertise in molecular biology and/or antibiotic resistance could be an asset;
- Being Diplomate of the American College of Veterinary Microbiologists could be an asset;
- License to practice veterinary medicine in the province of Quebec (Canada) issued by the *Ordre des médecins vétérinaires du Québec*;
- Candidates must be able to communicate in French or be willing to learn French*.

SALARY:

The *Université de Montréal* offers a competitive salary and a full package of benefits.
Website: <http://rh.umontreal.ca/accueil/>

STARTING DATE:

January 2018 or according to candidate availability

CANDIDATURES:

Priority will be given to applications received by **15 October, 2017** but applications will be accepted until the position is filled. Candidates are invited to send a letter of intent describing their interests and career objectives, a *curriculum vitae* including a copy of diplomas, and the names and contact information (address, telephone and fax numbers, email address) of three professional references to:

Dr J. Daniel Dubreuil, Chair
Département de pathologie et microbiologie
Faculté de médecine vétérinaire
Université de Montréal

Employment Equity Program

The *Université de Montréal* upholds the principles of employment equity and welcomes applications from women, ethnic and visible minorities, aboriginals and people with disabilities and of all sexual orientations and gender identity.

***Linguistic Policy**

The *Université de Montréal* is a Québec University with an international reputation. French is the language of instruction. To renew its teaching faculty, the University is intensively recruiting the world's best specialists. In accordance with the institution's language policy (http://secretariatgeneral.umontreal.ca/fileadmin/user_upload/secretariat/doc_officiels/reglements/administration/adm10-34_politique-linguistique.pdf), the *Université de Montréal* provides support for newly-recruited faculty to attain proficiency in French.

Confidentiality

The *Université de Montréal* application process allows all regular professors in the Department to have access to all documents unless the applicant explicitly states in her or his cover letter that access to the application should be limited to the selection committee. This restriction on accessibility will be lifted if the applicant is invited for an interview.

Immigration Requirements

In compliance with Canadian immigration requirements, priority shall be given to Canadian citizens and permanent residents.
